

### UG courses running at University Campus through Centre for Innovative Studies

Program Code	Program Name	Type	Program Outcome	Program Specific Outcome
601	M.Phil. IN ANTHROPOLOGY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
602	M.Phil. IN BENGALI	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
603	M.Phil. IN COMMERCE	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
604	M.Phil. IN ECONOMICS	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
605	M.Phil. IN ENGLISH	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
606	M.Phil. IN GEOGRAPHY & APPLIED GEOGRAPHY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
607	M.Phil. IN HIMALAYAN STUDIES	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
608	M.Phil. IN HINDI	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree

609	M.Phil. IN HISTORY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
610	M.Phil. IN LIBRARY & INFORMATION SCIENCE	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
611	M.Phil. IN NEPALI	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
612	M.Phil. IN PHILOSOPHY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
613	M.Phil. IN POLITICAL SCIENCE	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
614	M.Phil. IN SOCIOLOGY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
615	M.Phil. IN ZOOLOGY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
616	M.Phil. IN LAW	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
617	M.Phil. IN PHYSICS	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree

618	M.Phil. IN MATHEMATICS	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
619	M.Phil. IN MICROBIOLOGY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
620	M.Phil. IN CHEMISTRY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
621	M.Phil. IN COMPUTER SCIENCE	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
622	M.Phil. IN BIOTECHNOLOGY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
623	M.Phil. IN TEA SCIENCE	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
624	M.Phil. IN GEOLOGY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
625	M.Phil. IN BOTANY	M.PHIL.	A basic research degree of two years as an intermediate programme between MA/MSc and PhD programme involving basic research course work and a term end dissertation	The learners get research foundation for doctoral degree
